STRATAGLASS

AND OTHER CLEAR VINYL

IMAR Strataglass Protective Cleaner #301 is uniquely formulated to clean, shine and protect Strataglass and the Strataglass scratch resistant protective coating. This helps defeat the common problem of age induced brittleness and promotes continued flexibility. IMAR Strataglass Protective Cleaner is safe to use daily and is recommended to be used often to properly maintain the famous clarity of Strataglass. (Can be used daily between applications of IMAR #302)

IMAR Strataglass Protective Polish #302 is formulated to safely clean, polish and protect Strataglass and the Strataglass scratch resistant protective coating. A molecular bonding creates a nearly invincible protective barrier against the damaging effects of marine environment pollutants. (Use after IMAR #401 and before IMAR #301)

IMAR Yacht Soap Concentrate #401 is formulated with a unique blend of surfactants to create its highly polished appearance. Its non-streaking, non-spotting formulation rinses clear and decreases drying time. IMAR Yacht Soap Concentrate avoids the use of harsh alkalis, acids and abrasives so it protects durable polishes while thoroughly cleaning. (Use before IMAR #302 & IMAR #402)

STAMOID[®] MARINE

AND OTHER MARINE VINYL

IMAR STAMOID Marine Vinyl Protective Cream #601 is a polymer-based formula designed to protect STAMOID, and other vinyl in marine environments, while insuring the retention of like-new suppleness and luster. With UV protection, static resistance and life extending plasticizers this proprietary formulation causes molecular bonding which creates a nearly invincible protective barrier. Recommended usage every 2 to 3 months. (Use after IMAR #603)

IMAR STAMOID Marine Vinyl Protective Spray #602 is formulated to clean, shine and protect STAMOID Marine vinyl and works equally well on similar vinyl products. Special UV inhibitors significantly extends the life by minimizing the deteriorating effects of direct sunlight. (Can be used daily between applications of IMAR #601)

IMAR STAMOID Marine Vinyl Cleaner #603 is specially formulated to gently but thoroughly clean STAMOID and other marine vinyl. This product will not harm Strataglass or any other clear vinyl when used according to the instructions. Frequent use is recommended, particularly in areas of high environmental pollution. Application will assure the continued like-new appearance of your yacht's vinyl. (Use before IMAR #601 & IMAR #602)

FIBERGLASS & GEL COATS

IMAR Yacht Polish #402 is formulated with a unique blend of polymers to clean, polish, shine and protect fiberglass, gelcoats, metal, paint and other marine environment hard surfaces. IMAR Yacht Polish safely removes light oxidation and other common marine environment marks and stains while the molecular bonding and UV inhibitors create a protective barrier virtually impervious to further UV damage, soil, black scuffs, insect droppings, mildew and other stains. (Use after IMAR #401 and before IMAR #403)

IMAR Yacht Clean & Shine #403 is formulated specifically to enhance the shine and give a "wet look" depth to durable polishes while removing minor soil, oil film and dust on Yachts and other applications in the demanding marine environment. This unique formulation includes anti-static properties to repel dust. Exterior or interior IMAR Yacht Clean & Shine maintains a showroom finish with minimal effort. (For exterior cleaning, use after IMAR #402)

IMAR Yacht Fresh #504 is a pioneering formulation that refreshes the air by absorbing unpleasant odors. IMAR Yacht Fresh has repetitively proven its effectiveness when applied to deck mats, carpets, draperies, pet sleeping areas, AC & heater vents, bilges, engine rooms, closets, and many more locations.

IMAR Yacht Metals Protective Polish #503 is formulated to clean, polish and protect all metals in the marine environment. For beauty today and protection tomorrow, there is none better.

SPECIALTY PRODUCTS

IMAR Black Streak Eliminator #701 is formulated to gently remove black streaks with little or no rubbing. It is safe on fiberglass, metal and painted surfaces. After the black streak has been removed you may apply IMAR Yacht Polish #402 to enhance protective qualities of the surface

IMAR Multi-Purpose Marine Cleaner #501 penetrates, emulsifies and lifts away multiple layers of grime, soil and mildew. It gives concentrated cleaning power for inflatables, vinyl tops and upholstery, power cords, fenders, cockpit decks and other tough jobs. It is a non-caustic heavy-duty cleaner that really works. (After cleaning use IMAR #502)

IMAR Vinyl and Rubber Protectant #502 combines UV protective agents, plasticizers and life extending lubricants in a unique formulation to provide the ultimate vinyl and rubber protection. The non-oily treatment restores and enhances the luster of vinyl and rubber and dries to a transparent, flexible, protective coating. (Use after IMAR #501)

VINYL & RUBBER CLEANERS
