lifestyletable™
a Nomadic Solution

lifestyletable™

Packing and unpacking that card table from under the bed every time you stop for a coffee?

Tired of those lingering cooking aromas in your clothes and bed linen?

Looking for a quality product that is flexible, durable and enhances your nomadic lifestyle?

Introducing the lifestyletable™ from Nomadic Solutions.

A low profile folding table that is easily attached to the side of your van, *without cutting a large hole into your exterior wall.*

Australian designed and manufactured with quality stainless steel, aluminium and UV stabilised polycarbonate components. The sturdy construction allows for a maximum weight allowance of 20kg.

- Easy to install with a drill and a rivet gun
- Huge useable surface when open.
- User friendly with a clear, latch free surface.
- Available in 4 standard sizes (as shown).

Australian Registered Design: 318713

European Community Registered Design No. 000938972-0001

USA Design Patent: Pending
